

Certification Pathway/Assessment Guidelines

River Safety & Rescue 3

Guidelines

- The RSR 3 training course should be delivered and run on water of Grade III difficulty as part of a river trip.
- The course student / trainer ratio is a maximum of 4:1
- It is recommended that RSR 3 certification be renewed at least once every 5 years.

Ratios

- The RSR 3 should be delivered with a maximum ratio of 1 Level 4 instructor to 4 participants.

The RSR 3 course can now be run in a modularised way, with course content being delivered over a number of sessions. Once all aspects of the course have been covered and skills sheet signed off by valid Canoeing Ireland instructor
